Dr. Liao will also be an officer of Hydrosimultics, Inc.

10. Compensation Committee

Trustee Lyons presented the Trustee Compensation Committee Report.

Trustee Lyons reminded the MS community that each year at this time, the Board of Trustees considers the President’s compensation, consistent with section 4a of the employment agreement between President Simon and the Board. The Compensation Committee has met for that purpose.

In June of this year, the Board conducted its annual evaluation of the President. At that time, the Trustees conveyed to President Simon their uniform support of her leadership of Michigan State University. Trustee Lyons stated that President Simon’s leadership and dedication are widely recognized, both within and beyond the MSU community, and that she
continues to excel on the Board-established performance criteria. As a result, the Board continues to believe that the retention of President Simon is critical to the University’s future.

Trustee Lyons noted that President Simon’s base salary has not increased since 2007. Every year since that date, she has expressed concerns about receiving a salary increase in the context of the economic challenges facing the state and the University. This year, President Simon has continued to request that she not receive a base salary increase.

As in the past, however, the Board is compelled to ensure that the compensation of the president of Michigan State University remains competitive with the compensation of presidents of peer institutions. Consistent with the University’s goals regarding faculty compensation and the retention of President Simon, it is the intention of the Board to keep the total compensation of MSU’s president in the mid-range among the presidents of the public universities in the Big Ten and other comparable institutions.

Trustee Lyons reported that after weighing these factors, the Compensation Committee recommends to the Board of Trustees that President Simon’s retention bonus be increased by $25,000. As a result, in recognition of the President’s continued service, and provided that she continues to serve through December 31, 2013, the University shall pay to the President, on or before January 31, 2014, the amount of $125,000.

The Compensation Committee also recommends that, for each year during which the President provides continuing service as president through December 31 of that year, her previous retention bonus shall be increased by a percentage equal to the total percentage increase available for non-union faculty raises, including percentages for college and university-wide market pool adjustments, or equivalent amounts however defined. This retention bonus will be paid no later than January 31 of the subsequent year. The Board will continue to pay President Simon an annual salary of $520,000 per year, as established by the Board on December 7, 2007.

Finally, Trustee Lyons said that the Board applauds the commitment that Drs. Roy J. and Lou Anna K. Simon have made to give back to the University through their generous, regular, and substantial financial contributions, including prior salary increases. Based on their current level of cash and estate giving, the Simons are members of MSU’s Wharton Society and Kedzie Society. The Simons’ current cash gifts to MSU exceed $1 million. They provide a tremendous example of philanthropy for Team MSU and the Spartan community.
Trustee Lyons concluded the Compensation Committee report by stating that it recommends, and he, therefore, moved that the above terms be incorporated into President Simon’s employment agreement and that the Chairperson of the Board of Trustees be authorized to sign an amendment to that employment agreement consistent with these terms on behalf of the Board.

Trustee Lyons moved to approve the recommendation, with support from Trustee Mosallam.

THE BOARD VOTED to approve the recommendation.

11. Trustees’ Comments

Trustee Ferguson said that the term Team MSU is not just a slogan, but is a reality. He thanked everyone across campus for their efforts and support of Team MSU.

Trustee Woodard said that she appreciated the video showcasing MSU staff. She congratulated the Board of Trustees Scholarship award recipients.

Trustee Lyons said that it is an honor to be a part of Team MSU and a pleasure to serve on the Board.

Trustee Owen wished everyone a happy holiday and healthy new year.

Trustee Byrum recognized the graduates and Board of Trustees Scholarship award recipients. She wished everyone a prosperous and healthy new year.

Trustee Mosallam congratulated the Board of Trustees Scholarship award recipients. He said that it had been a wonderful first year and that he appreciates the opportunity to serve.

Trustee Breslin thanked the MSU staff for keeping campus looking beautiful and running efficiently.

12. There was no Public Participation on Other Issues.
13. Request to Adjourn

On a motion by Trustee Ferguson, supported by Trustee Lyons, THE BOARD VOTED to adjourn at 10:30 a.m.

Respectfully submitted,

Secretary of the Board of Trustees
RESOLUTION
HONORING RON FLINN
Michigan State University Board of Trustees
December 13, 2013

The Board of Trustees of Michigan State University today extends to Ron Flinn its deep gratitude and appreciation of his exceptional service to the university as its vice president for strategic infrastructure planning and facilities.

Mr. Flinn has been a fixture on the MSU campus for more than 50 years, arriving as a student in the fall of 1957 and choosing to never leave.

As a student, Mr. Flinn was selected by none other than Ted Simon to work part-time in the Physical Plant Division. After earning his bachelor’s degree in civil engineering in 1960, he stayed on as a full-time employee, working in the heating, ventilating and air conditioning area.

With hard work and good humor, Mr. Flinn worked his way up the ladder, serving as plant engineer, associate director, interim director of building services, university engineer, assistant vice president and vice president.

Mr. Flinn was one of the driving forces behind the development of south campus. Facilities such as the National Superconducting Cyclotron Laboratory, the Veterinary Clinic, the Chemistry and Biochemistry buildings and the new T.B. Simon Power Plant all came to be under his watchful eye.

During his tenure, Mr. Flinn has been involved in the design and construction of nearly 75 percent of the campus’s buildings and infrastructure.

Mr. Flinn has willingly shared his expertise over the years, serving on countless university committees and initiatives, including the development of the 2020 Master Plan.

He has been nationally recognized for his contributions to MSU and his profession. He was awarded the Midwest APPA Award for Excellence in Facilities Management. He also served as president of the APPA/Association of Higher Education Facilities Officers.

Mr. Flinn, who at one time considered a career in journalism, also taught public relations and communications for physical plants for the APPA Institute for Facilities Management.

For his years of devoted service to his university, the Michigan State University Board of Trustees extends its heartfelt thanks and sincere gratitude to Ron Flinn.

SURESH MUKHERJI

PROFESSOR & CHAIRMAN
WALTER F. PATENGE ENDOWED CHAIR
DEPARTMENT OF RADIOLOGY

Facilitated by the Office of the Vice President for
Research and Graduate Studies
Personal Statement.

Suresh K. Mukherji, MD, FACR received his M. D. degree from Georgetown University and completed a radiology residency at the Brigham and Women’s Hospital, Harvard Medical School in Boston, MA. He was a Neuroradiology Fellow, with emphasis on head and neck imaging, at the University of Florida in Gainesville, Florida from 1992-1994. His first faculty position was at the University of North Carolina from 1994-2001. He was then recruited as the Division Director of Neuroradiology at the University of Michigan in 2001 where he became tenured Professor of Radiology, Radiation Oncology, Otolaryngology Head Neck Surgery. He was also a Professor of Periodontics and Oral Medicine in the School of Dentistry. In 2013, he was recruited to become the Chairman of the Radiology Department at Michigan State University where he is Professor of Radiology and the Walter F. Patenge Endowed Chair.

Dr. Mukherji is a recognized authority in Head & Neck and Neuroradiology and has been an active contributor to the neuroradiology literature by authoring over 300 scientific manuscripts, 60 book chapters and 12 textbooks. His primary interest have been focused on investigating emerging metabolic and physiologic imaging techniques to evaluate head and neck cancer and to differentiate recurrent tumors from post-therapeutic changes in previously treated patients. These technologies include imaging with fluorodeoxyglucose analogues imaged with prototype Single Photon Emission Computed Tomography, Gamma Cameras, standard PET, and CT-PET. Other metabolic and physiologic imaging techniques he has investigated include Thallium-201, magnetic resonance spectroscopy, CT perfusion and CT spectral imaging.

MEMORANDUM

TO: Board of Trustees Policy Committee
FROM: June Pierce Youatt, Acting Provost
SUBJECT: Amendment to Bylaws for Academic Governance

RECOMMENDATION:

BE IT RESOLVED that the Trustee Policy Committee recommends to the Board of Trustees approval of the amendment to the Bylaws for Academic Governance, to establish a Faculty Health Care Council (attached), as approved by University Council and Faculty Senate.

In accordance with those Bylaws (5.3), I have reviewed the amendment, concur with the recommendation, and now request action by the Board of Trustees.

BACKGROUND

On November, 19 2013, University Council and on November 12, Faculty Senate approved the recommended amendment to the Bylaws for Academic Governance (Attachment A), upon the recommendation of the University Committee on Academic Governance (UCAG).

A faculty ad hoc committee has functioned for several years, providing advice on faculty health care issues to the University Committee on Faculty Affairs. The faculty desire to formalize the role and function of the committee. Bylaw 5.3 establishes the addition of a Faculty Health Care Council as a consultative committee to the University Committee on Faculty Affairs.

Section 5 – Other University-level Committees

5.3 Faculty Health Care Council

5.3.1. There shall be a Faculty Health Care Council to function as the faculty voice to Human Resources and University Administration on matters related to health care and health care benefits. The Faculty Health Care Council will have voice in plan design and the capacity to comment on plan implementation.

5.3.2. Composition
   5.3.2.1. The voting members of the Faculty Health Care Council shall be nine faculty members.
   5.3.2.2. Ex officio members without vote shall include but not limited to Assistant Vice President and Director, Planning & Budgets.
   5.3.2.3. One Emeritus faculty member without vote to be selected by the Faculty Emeriti Association.

5.3.3. Appointment of Members
   5.3.3.1. Faculty members of the Faculty Health Council shall be appointed by the Steering Committee.
   5.3.3.2. Faculty members appointed to the Faculty Health Care Council shall include those members who are actively involved in health care discussions.
   5.3.3.3. Faculty members of the Faculty Health Care Council shall represent a diversity of faculty appointments.

5.3.4. Terms of Appointment
   5.3.4.1. The terms of appointment of faculty representatives on the Faculty Health Care Council shall be three consecutive two year terms to ensure continuity and stability of membership.

5.3.5. Responsibilities of the Faculty Health Care Council
   5.3.5.1. The Faculty Health Care Council will serve as the faculty voice on issues related to the design, implementation and evaluation of health care plans.
   5.3.5.2. The Faculty Health Care Council will consult with the University Committee on Faculty Affairs on matters concerning the economic impact of health benefits.
   5.3.5.3. The Faculty Health Care Council shall advocate for faculty on matters related to health care and health care benefits.
   5.3.5.4. The Faculty Health Care Council shall report through the Steering Committee to the Faculty Senate.
SERVICE AGREEMENT TERM SHEET

Party: CourseWeaver, Inc.

Agreement: CourseWeaver to provide support services to Michigan State University’s online learning management system LON-CAPA (Learning Online Network with Computer-Assisted Personalized Approach).
