An initial set of administrative and operational efficiencies has also been assembled.

B. Real Chicano/Latino Studies (RCLS)

Ms. Sarah Vitale, MSU CLS student, said that the administration is writing new by-laws to secure their control of the program. Ms. Vitale claimed that there is also a misuse of funds by administrators.

C. Real Chicano/Latino Studies (RCLS)

Ms. Gabriella Alcazar, MSU CLS student, said that the RCLS will continue to work to move the program forward despite the current director and administrators.

D. Olin Health Center

Ms. Caitlin Schults, President of the Student Health Advisory Council, said that over 22,000 MSU students are served by Olin Health Center yearly. Students choose Olin because of its convenient location, close proximity to classes, and accessible parking and transportation. By moving health care services to the Clinical Center, students would have to go out of their way for health care. Moving Olin would create a disruption of health services.

E. Olin Health Center

Mr. Jay Thaker, member of the Student Health Advisory Council, said that options available other than a total relocation of
Olin Health Center. Mr. Thaker asked the administration to make decisions that support the long-term viability of health care at MSU.

F. Deaf Education/ASL

Ms. Kristin Knight, MSU instructor in the Deaf Education program and a practicing certified teacher of deaf and hard of hearing students, said she was in support of the programs and American Sign Language (ASL) courses at MSU. Ms. Knight asked that the closure of ASL courses be delayed and stressed the importance of Deaf Education to the community.

G. Deaf Education/ASL

Ms. Lauren Doski, MSU Deaf Education intern, said that she is proud of the College of Education and the Deaf Education/ASL programs. Ms. Doski stated that there is great demand for highly qualified teachers in the field of deaf education. She urged the Board and administration to keep Deaf Education at MSU.

H. Deaf Education/ASL

Ms. Mary Klein, community member, indicated through a translator that she was born deaf. She was placed in an oral program when she was a child and sign language was banned in the classrooms. Ms. Klein noted that after experiencing difficulty with oral education, she was placed in the Michigan School for the Deaf, which taught sign language. Ms. Klein stated that all children should be given the appropriate education for their needs.

I. Deaf Education/ASL

Ms. Melissa Rich, community member, said she has been successful in her life due to learning ASL. She urged MSU to continue the Deaf Education and ASL programs.

Trustee Foster exited the meeting.

J. Support for the Humanities

Mr. Morgan Shipley, Coalition to Protect the Humanities member, said that MSU needed to invest in the humanities rather than eliminate programs. He urged administrators to carefully examine the benefits of the humanities as they are planning for the future.
K. Support for the Humanities

Mr. Hugh O’Connell, Coalition to Protect the Humanities member, said the administration is proposing a radical downsizing of the entire College of Arts and Letters. This systematic divestment from humanities research, and the resulting elimination of the core content of humanities education from the University curriculum, actively reverses MSU’s mission. Mr. O’Connell asked for a reassessment of the proposed budget cuts and a detailed justification of how proposed budget cuts will save MSU money.

L. American Studies

Mr. Mike Spencer, Coalition to Protect the Humanities member, said that in 2007 the American Studies program was ranked fifth in the nation by *The Chronicle of Education*. He said the moratorium on the program was a death for intellectual culture at MSU.

Trustee Ferguson exited the meeting.

M. GEU Budget

Ms. Elizabeth Pellerito, President of the MSU Graduate Employees Union (GEU), asked how so many decisions that change both the public face of MSU and the kind and quality of education received by students could be made over so few weeks. She asked that budget cuts be made equitably and transparently.

N. Budget Issues

Ms. Katherine Thompson, member of the Undergraduate Alliance, said that students should be included in budget conversations. Ms. Thompson stated that the Undergraduate Alliance arose from the frustration and concern of students regarding the administration’s lack of transparency and communication in the wake of the current budget crisis.

O. Budget Issues

Mr. Dillon Kuiava, member of the Undergraduate Alliance, said that MSU must realize that, if it is to continue to provide a holistic education, it must maintain its financial commitment to both the humanities and the sciences. Mr. Kuiava said the budget cuts being proposed by the administration are unjustly disproportionate.
P. Budget Issues

Ms. Lila Wakeman, member of the Undergraduate Alliance, said that a moratorium should be placed on all budget decisions and actions until the students, faculty, and staff of MSU are fully and accurately informed of the facts and consequences of the financial plan.

Q. MA School and Community Counseling Program

Dr. Robbie Steward, Director of the MA Counseling Program, said the reasons given for closing the MA Counseling Program do not make sense. Dr. Steward noted that the program has received many commendations of excellence for providing doctoral level training at the master’s level. Dr. Steward said that the program commits 15,000 hours per year to provide mental health services within the East Lansing community. It will be a great loss to the community if the program is closed.

14. Request to Adjourn

On a motion by Trustee Owen, supported by Trustee Byrum, THE BOARD VOTED to adjourn at 1:00 p.m.

Respectfully submitted,

BOARD OF TRUSTEES RESOLUTION
December 11, 2009

The Board of Trustees of Michigan State University today extends its gratitude, appreciation and best wishes to John Hudzik.

Dr. Hudzik has had a long, distinguished career at MSU, his alma mater, a career that now goes full circle as he returns to academic pursuits in the School of Criminal Justice, where he has served on the faculty since 1974.

Dr. Hudzik has served as MSU’s vice president for global engagement and strategic projects since January 2006. During that time his work in Dubai proved critical and the relationships he developed in that city, and throughout the Middle East, will serve this university well for decades to come.

In January 2005, Dr. Hudzik was appointed MSU’s acting provost and vice president for academic affairs, a position he held with distinction for a year.

Prior to that, Dr. Hudzik worked tirelessly to make MSU’s presence felt throughout the world, serving first as acting dean (1995-98) and then dean of MSU International Studies and Programs.

Dr. Hudzik has held several other administrative posts at MSU, including assistant dean for special projects and lifelong education in the College of Social Science, as well as the college’s associate dean for finance and personnel.

Dr. Hudzik is well known and respected beyond the MSU campus. He currently serves as president and chair of the board of directors of NAFSA, Association of International Educators. He is former president of the Association of International Education Administrators.

A well-respected academic, Dr. Hudzik’s research interests include organizational and system planning, budgeting and personnel administration. He also is a leading international expert in court administration, especially financial management and strategic planning, and in continuing judicial education for judges and court system personnel.

Dr. Hudzik is a native son – originally from Holland, Mich. – and a Spartan through and through. His three academic degrees are from MSU – a bachelor of arts in economics, history and political science; as well as a master’s degree and a doctorate in political science.

It is with much respect, admiration and gratitude that the MSU Board of Trustees offers Dr. Hudzik its best wishes for the future.

Recommendation:

BE IT RESOLVED that the Trustee Policy Committee recommends to the Board of Trustees that Board of Trustees Policy 01-01-02 regarding public participation be amended, effective December 14, 2009, in accordance with Attachment A to this memorandum.

Background:

Public participation is critical to the success of the Board of Trustees. The Policy Committee has reviewed options that will facilitate increased opportunities for public comment to the Board by increasing the number of individuals that have the opportunity to provide public comment on any given topic. The time limit for each speaker will be changed from five (5) minutes to three (3) minutes, which will allow a larger number of individuals to speak. Additionally, the revised policy authorizes the Secretary of the Board of Trustees to develop guidelines consistent with the policy. The current policy is Attachment B to this memorandum.

cc: Trustee Finance Committee
    President Lou Anna K. Simon
    Vice President Fred L. Poston
    Vice President Robert A. Noto
    Secretary Bill Beekman
Meetings of the Board of Trustees are open to the public as provided by law. The Board regards the opportunity for expression of public views on issues before the Board as an important part of its deliberations.

To accommodate such expression, the Board reserves a portion of its regular meeting for persons who wish to address the Board. Those wishing to address the Board must submit a Public Speaker Request Form to the Secretary of the Board of Trustees in advance of the posted deadline for doing so.

Individual presentations on topics that are germane to the action items on the Board’s agenda are limited to three (3) minutes and the total time for presentations on any such item or topic is limited to fifteen (15) minutes.

Individual presentations on topics that are not germane to the action items on the Board’s agenda are limited to three (3) minutes and the total time for presentations on any such topic is limited to twelve (12) minutes.

The Office of the Secretary of the Board of Trustees is responsible for the implementation of this policy and may develop guidelines consistent with this policy. Requests for interpretations of the policy shall be referred to that Office.
Meetings of the Board of Trustees are open to the public as provided by law. The Board regards the opportunity for expression of public views on issues before the Board as an important part of its deliberations.

To accommodate such expression, the Board reserves a portion of its regular meeting for individuals and groups who wish to address the Board. Insofar as possible, those wishing to address the Board should contact the Secretary of the Board of Trustees at least a week prior to the session. However, the Secretary or designee also will make forms available in the room where the meeting is to be held. Persons desiring to address the Board shall complete the appropriate form. The presiding officer will recognize persons who have provided the required information.

Individual presentations are limited to 5 minutes and the total time for presentations on any item or topic is limited to 15 minutes unless an extension of time is approved by the Board. When a group of persons shares the same interest, it is recommended that a representative be chosen to present its point of view. When the Board believes that adequate public input has been obtained on any issue, testimony may be closed by majority vote.

The Board generally hears remarks without comment. However, if, after a presentation to the Board, Trustees choose to ask questions of, or briefly thank, the person or persons who made the presentation, the Board will limit such questions and remarks to a total of 5 minutes.
